About Me

Front-end developer with over 3 years of experience in developing interfaces with JavaScript, Typescript and various frameworks like React. Passionate about creating visually appealing and user-friendly websites. Experienced in building multi-platform websites using Responsive Web Designs

Professional Experience

Zimou Group | Front End Engineer

Oct 2024 – present ~ Algeria (hybrid)

Key responsibilities:

- Design, develop, and deploy advanced features. Solve complex challenges with innovative methods and apply best engineering practices while guiding teams toward excellence.

IONIK | Front End Engineer

Mar 2024 – Sept 2024 ~ United Kingdom (remote)

Key responsibilities:

- Design, develop, test and deploy design features.
- Work to solve complex challenges with the utilization of modern web application development and standard methodologies.
- Apply engineering best practices.

Hammamet Services | Web Developer Intern (AIESEC)

Jun 2023 – Aug 2023 ~ Tunisia (on-site)

Key responsibilities:

- Working on front-end development of a project aimed at providing tailored solutions to private schools
- Develop responsive web pages, ensuring optimal functionality across various devices and screen sizes, thus increasing accessibility and user engagement.

Manarat Al Asr | Front End Developer

Jul 2022 – Dec 2022 ~ Saudi Arabia (freelance)

Key responsibilities:

- Communicating with stakeholders to provide updates on project progress and timeline.
- Establishing and maintaining coding standards and best practices for the front-end development team.
- Collaborating with other teams, such as designers and back-end developers.
- Conducting code reviews to ensure high-quality code and provide feedback
